PROCLAMATION Honor Flight of the Appalachian Highlands

WHEREAS, time and time again, the United States has called upon brave individuals to defend our freedoms around the world. In times of great danger, the men and women of the armed forces have stood resolute, putting their lives at risk when we needed them most. In making these sacrifices, they ask for nothing in return, and;

WHEREAS, the strength of American society lies in community groups dedicated to the betterment of those around them. Honor Flight embodies that sentiment and in 2005 was created as a way to honor our nation's finest citizens, and to give a little back to those who already gave so much, and;

WHEREAS, Honor Flight of the Appalachian Highlands (HFAH) was formed in September 2021, following the closure of a previous Honor Flight organization in our area. Since forming, HFAH has completed six trips to Washington DC building healing, comradery, closure, and respect for those who have served. One-hundred Veterans have been on HFAH trips in two years, and;

WHEREAS, HFAH trips include stops at the D-Day and other war Memorials, VMI, and a tour Washington DC. It is through the hard work of the Board, many volunteers, and generous sponsors of Honor Flight that these missions remain free for Veterans, and;

WHEREAS, Johnson County is fortunate to have such a dedicated Honor Flight organization serving our community along with others. Each participant in an Honor Flight Mission describes a sentimental and life-changing experience. On behalf of every Johnson County resident, as well as residents in surrounding counties, thank you for your outstanding service!

NOW, THEREFORE, I, Larry Potter, Mayor of Johnson County, Tennessee, do hereby proclaim this last week of October 2024, as HONOR FLIGHT WEEK in Johnson County in recognition of their service to Veterans.

Larry Potter, Mayor
Johnson County, Tennessee

Date

Families Free Proposed Funding Request

2024

“Families Free seeks to propose an expansion of treatment and services aimed at supporting justice-involved individuals who have called Johnson County their home.”

Families Free would like to request \$50,000.00 to fulfill the following core strategies found in the Tennessee's Opioid Abatement Remediation Uses.

E. EXPANSION OF WARM HAND-OFF PROGRAMS AND RECOVERY SERVICES, with a focus on #4 to provide comprehensive wrap-around services to individuals in recovery, including housing, transportation, job placement/training, and childcare.

F. TREATMENT FOR INCARCERATED POPULATION, with a focus on #1 to provide evidence-based treatment and recovery support, including MAT for persons with OUD and co-occurring SUD/MH disorders within and transitioning out of the criminal justice system;

100

Over the past year, Families Free has received over 100 referrals for engagement into our programming.

Families Free is equipped with the necessary programming and staff to fulfill this proposal's objectives and promote restoration within our community. By funding this proposal, we will strengthen the three targeted programs, serve more clients and their families, and address additional case management needs for this justice-involved population.

FAMILIES Free

Community Recovery: The First Judicial District Felony Recovery Court Program, managed by Families Free, plays a crucial role in providing support and rehabilitation for individuals at high risk of recidivism and with significant needs. Families Free offers evidence-based holistic treatment services tailored to the specific needs of individuals involved with the criminal justice system. These services include intensive outpatient programs, gender-specific trauma groups, individual and group therapy sessions, wellness, parenting education, and family therapy.

Restorative Justice: Families Free Northeast Tennessee Residential Recovery Court Northeast Tennessee Residential Recovery Court provides holistic treatment for individuals involved with the criminal justice system rooted in substance use. This is a treatment court program for non-violent, felony-level individuals who struggle with substance abuse, system involvement, and other maladaptive patterns that lead to incarceration.

Restorative Recovery Families Free facilitates gender-specific groups in local detention centers, offering evidence-based programs like Moral Reconciliation Therapy (MRT[®]) and Thinking for a Change to equip participants with skills for successful re-entry. Office-based case management ensures ongoing support during the transition back into society.

Each of these programs is designed to tackle fundamental issues and provide participants with the skills needed to overcome challenges and make positive decisions upon re-entry, benefiting both themselves and their families. The funding will enable Families Free to maintain our services within the Johnson County Jail through our OCJP programming, as well as support community-based case management at our office located at 108 Court Street, Mountain City, TN 37683. Additionally, this funding will allow us to extend our services to more participants from the county, offering them enhanced resources beyond what is covered by our state contracts.

Johnson County Proclamation from the Office of the Mayor Suicide Prevention Awareness Month September 2024

WHEREAS, suicide is a tremendous form of suffering and one of the most disruptive and tragic events a family and a community can experience, with more than 1,200 lives lost in Tennessee each year and an estimated 25 attempted suicides for each suicide death; and

WHEREAS, more than three lives a day are lost to suicide in Tennessee, which means we lose 24 Tennesseans each week and 100 people per month, devastating an estimated 135 people affected and left behind by each death; and

WHEREAS, suicide is the twelfth leading cause of death in Tennessee, the third leading cause of death among youth and young adults ages of 10 to 24 as well as the fifth leading cause of death of adults ages 35-44 and the sixth leading cause of death for adults ages 45-54; and

WHEREAS, elevated risk for suicide includes those bereaved by suicide and those who have attempted suicide, older adults, American Indians/ Alaskan Natives, Black youth, Construction and Extraction workers, people living with a disability or physical health conditions, Farmers, First Responders, members of the LGBTQIA+ population, Service members and Veterans; and

WHEREAS, And Tennessee Veterans, active-duty military, and National Guardsmen's disproportionate risk for suicide, as compared to the general population, means more die from suicide than combat; and

WHEREAS, public awareness of this tragic problem is a key to preventing further suffering and loss of life; and the risk for human self-destruction can be reduced through awareness, education and treatment; and

WHEREAS, suicide prevention has been declared a state priority by the Governor; and the Tennessee Legislature has declared teen suicide prevention as a state priority in partnership with the Tennessee Suicide Prevention Network to implement the Tennessee Strategy for Suicide Prevention; and

WHEREAS, Tennessee is a national leader in the effort to prevent suicide, being one of the first states to develop a suicide prevention and evaluation plan covering the lifespan; and

WHEREAS, 988 Suicide & Crisis Lifeline provides 24/7, free and confidential support for people in distress, prevention and crisis resources for you or your loved ones, and best practices for professionals in the United States; and

WHEREAS, the Governor of Tennessee has appointed a Suicide Prevention Network Advisory Council to coordinate the implementation of the Tennessee Strategy for Suicide Prevention; and

WHEREAS, the Tennessee Suicide Prevention Network is a grassroots collaboration of Tennesseans and organizations working to eliminate the stigma of suicide, educate the community about the warning signs of suicide, and ultimately reduce the rate of suicide in our state; and

WHEREAS, every member of our community should understand that throughout life's struggles we all need occasional reminder that we are all silently fighting our own battles; and

WHEREAS, everyone can play a role in suicide prevention by learning and sharing the risk and warning signs, decreasing the stigma as a mean to promote help-seeking by talking about suicide using safe-messaging, and sharing the available resources; and

WHEREAS, we encourage all Tennesseans to take the time to inquire as to the wellbeing of their family, friends, and to genuinely convey their appreciation for their existence by any gesture they deem appropriate. A simple phone call, message, handshake, or hug may go a long way towards helping someone realize that suicide is not the answer; and

NOW, THEREFORE, I, Larry Potter, Mayor of Johnson County, Tennessee, do hereby proclaim September 2024, as

SUICIDE PREVENTION AWARENESS MONTH

in Johnson County, Tennessee, and do urge all citizens to work to prevent suicide and to raise awareness and compassion around all people affected by this tragedy.

Larry Potter, Johnson County Mayor
